

The conflict is having a devastating impact on the lives of Yemenis, affecting the economy, security and basic survival. Overall the food security situation has deteriorated drastically and acute malnutrition rates have peaked in the last years. Millions of Yemenis do not know where their next meal will come from. A severe protection crisis is underway in which civilians face serious risks to their safety, well-being and basic rights.

KEY FACTS & FIGURES

Impact on the population

Impact on imports & essential commodities

Impact on the economy

MOST VULNERABLE GROUPS

Children

“ Every ten minutes, a child under five dies in Yemen from preventable diseases such as diarrhoea, pneumonia or measles, because the health system is on the verge of collapse. ”
(UNICEF)
